

# Admin panel (view order)

A hand-drawn sketch of an admin panel interface. The panel is a large rectangle with a header bar at the top. Inside the panel, on the left, is a small square checkbox with a checkmark. To its right is a large rectangular area representing a list of orders. Below this area, the text "order details" and "sorted by date time" is written. To the right of the order list area is a small square button with a diagonal line through it, labeled "view" below it.
